

Thomas Bullock CE Primary Academy

Home Learning – Year 6 – Thursday 26th March 2020

Day 4 of home school – how's it going? Please let me know how you are!

Today's word of the day is **reflection**. You may well already know what this means, but how many different ways of using this word can you think of? Perhaps you could have a go at making a reflected picture, or reflect on the many ways that your reflection appears depending on your mood or the surface that it is reflected in. Do you think you reflect any of your parents' characteristics?

English

I've loved seeing your letters shared via the blog and class dojo. Today, if you haven't done it already, it would be great if you can find a way to type up or photograph your letters, and then share them with me. I would love to read them all. You can type up on the computer and then email to me (jay.lindner@thomasbullock.dneat.org) or you can photograph your letter and send it to me on dojo or via Purple Mash email. I will then put together an online folder of everyone's letters so you can read each other's.

If you have any more time, please READ as much as you can today ☺ You might also like to listen to an audio story; perhaps tune in to David Walliams at 11am: <https://www.worldofdavidwalliams.com/>

This week's **spelling** focus is words with silent letters. Take your reading book or your copy of 'The Girl of Ink and Stars'. How many words can you find that have silent letters? Which is the longest or most interesting word you can find? Can you find any with two or more silent letters? Put your findings as comments on today's blog post.

Maths Today we're consolidating co-ordinates and then learning about reflecting shapes in co-ordinate grids. Have a look at the maths file for today's learning and task. The class game of battleships continues on the blog – two ships have been sunk, six to go!

History Hope you were able to watch the video yesterday from the underground bunker. If not, have a look via youtube: https://www.youtube.com/watch?v=r_c3rBoU7E4

It's half an hour long. Then complete the worksheet 'History lesson induction'.

Science

A new topic: light. Have a look at today's learning activities in the science file.

Don't forget to look at the 'Thought for the Day' on the website, and also check in with the Class blog.
