

Thomas Bullock CE Primary Academy

Home Learning: Year 3 – Friday 24th April

Please try to read a little every single day! If you can write something each day too that will help to maintain your super writing!

The Body Coach is doing daily exercises on YouTube at 9am if you want to keep active!

Spellings for week:

island, knowledge, learn, length, library, material, medicine, mention, minute, natural

English: This week we are learning about explanation texts.

I have put my example online for you to edit! It's your turn to pink and yellow pen my work! Afterwards, I have marked mine to see if we got the same answers!

After this, you can pink and yellow your own work to see what has gone well and what you can develop next week. Remember to think about the features we looked at on Tuesday!

Maths: We are continuing our work on Fractions this week.

Today we are working on Week 2, lesson 5 (Equivalent Fractions) <https://whiterosemaths.com/homelearning/year-3/>

As before, the first page of questions is looking at fluency, so all children can complete this, the next page most children should be able to complete.

Today there is no challenge, but an extra activity that everyone can complete if they wish. It is to complete a fraction wall (See document) so you can see all the equivalent fractions. This will help you for the next few lessons when we look at equivalent fractions in more detail.

Topic: Art

Today we are looking at an artist called William Morris.

The PowerPoint will tell you a bit about him and you can then see some of his work.

Which pieces do you like? Why?

Can you have a go at copying one of his? Maybe change the colours to see how you can change it slightly.
