

Thomas Bullock CE Primary Academy

Home Learning - Year 4 - wb.20.04.2020

Maths and English activities will be set daily. History, Science and Computing will be set weekly on a Monday but can be done on any day of the week. It will seem like there are a lot of activities in the Monday folder but many of these are for the whole week!

MATHS: This week we will be looking at different ways of presenting data such as in line graphs, bar graphs, pictograms and pie charts. We will also be trying to interpret the data and looking at what it tells us. Don't forget to continue to practice your times tables every day!

ENGLISH: This week we are learning to

Use Letter Join to practice some of the trickier letter formations: - this week practice j and y. Go to <https://www.letterjoin.co.uk/log-in.html> and user name is **vt7501** and password is: **home**. Select Y4.

Spell words with the prefix super- and continue with our Y4 high frequency words (see spelling document in Monday's folder for activity and word lists)

Reading and responding to the setting of "Escape to Pompeii by Christina Balit.

Identify and generate noun phrases

Plan and write a setting of Pompeii

HISTORY: We are beginning our new topic for the summer term - The Romans! Watch the video introduction to the topic here:

<https://vimeo.com/407567845>

Password is: South America

There are two activities for you to do which are explained in the video -

1. There is a 2Do for you to make a mashcam Roman of yourself and tell Mrs. Lowe something you already know about the Romans and something you would like to find out
2. There is a video link for you to watch the story of Romulus and Remus. (<https://www.youtube.com/watch?v=wA1D9wd29jl>) After watching create your own legend for the founding of Rome and tell your story in response to the blog post on our class blog

SCIENCE: This week we will be beginning to look at states of matter and what the main properties are of a solid, liquid or gas. After you've completed the activity for this lesson can you think of some materials that don't easily fit into any of the three categories? How would you classify them? Watch the video introduction to the unit here:

<https://vimeo.com/408328495>

Password: South America

COMPUTING: We are beginning a new unit - Logo! You may remember using a floor turtle in KS1. This moves into using coding to control and manipulate an on-screen turtle. We will be using 2Logo on Purple Mash. Watch the video introduction here:

<https://vimeo.com/407655061>

Password is: South America

and carry out the activities. There is a pdf in today's folder with a list of the commands and the shapes to predict.
