

# Year 6 - Art & Design – Summer 1

## Light & Colour -Week 2 – Page 2

### Learning Activity 2:

Design and make your own camouflage creature. You can use any environment to do this; you might choose your duvet cover as the background to camouflage against or you could try a cushion or perhaps use the outdoor environment to camouflage your creature against! Its up to you to select the background you think you can camouflage best against.

**Step 1:** Make a creature – butterfly, insect – you could invent a new creature – out of card, if you haven't got any sheets of card use an old cereal box or loo roll inside.

**Step 2:** Decorate it so it matches the background you have chosen. Remember if you've done it really well it should be difficult to spot on that background.
