## Home Learning – Year R - Week beginning 20/4/20

### Literacy:

1. WALT use a story map to retell a tale. Please see parent information powerpoint here with some guidance on this <https://vimeo.com/409475625>. (password Ark). This is going to be a weekly task set for each of the traditional tales we learn.

2. WALT write a character description. Look at the video lesson here on how to describe a character <https://vimeo.com/409475700> (password Ark). We need to think about adjectives [describing words] and what makes a good sentence. Have a go at writing 2+ sentences to describe a character from Jack and the Beanstalk.

### Maths:

1. WALT: add two numbers within 10 by counting on.

So far, the children have been grouping two sets of objects together to find the total. Now we need to extend our skills and think about counting on when we add two numbers together. Watch this audio powerpoint for more information <https://vimeo.com/409475860> (password Ark). Use a number line to help you.

Challenge: have a go at these additions using the counting on method:

$4 + 3 =$

$6 + 2 =$

$7 + 2 =$

$5 + 4 =$

$3 + 2 =$

2. Carry out a 2D shape hunt at home. Look at the groups of objects you have found for each shape. Describe the shapes that you see. Can you describe their properties; how many edges are there? Are they straight or curved? How many corners [vertices] do they have? Have many surfaces do they have? Describe a shape for your family member to guess what it is.
