## Home Learning: Year 3 – Monday 20<sup>th</sup> April

**I hope you had a fantastic Easter!**

Please try to read a little every single day! If you can write something each day too that will help to maintain your super writing!

The Body Coach is doing daily exercises on YouTube at 9am if you want to keep active!

**Spellings for week:** island, knowledge, learn, length, library, material, medicine, mention, minute, natural - Can you use them in a sentence?

**English:** This week we are learning about explanation texts.

To begin the week, I would love it if you could either write (and show me a photograph) or email me on Purple Mash something you have done over Easter that you enjoyed! Try to remember all of your punctuation!

After this there is a video of our model text, showing you what an explanation text looks like. I have recorded me reading it and then there are just a few questions at the end for you to think about ready for the rest of the week.

The video can be found here: <https://vimeo.com/408352856> The password is: Africa

**Maths:** We are continuing our work on Fractions this week.

I am continuing to use White Rose Hub, as the videos are really useful and follow our objectives and order of work perfectly!

Because of the themed week, we are on Week 2, lesson 1 (Fractions on a number line) <https://whiterosemaths.com/homelearning/year-3/>

As before, the first page of questions is looking at fluency, so all children can complete this, the next page most children should be able to complete and then I have an extra challenge for some of you who may want to stretch yourselves even further!

**Topic:** This half term we are improving our map skills!

**Explore:** <https://osmaps.ordnancesurvey.co.uk/52.62862,0.89248,16/pin>

Today I just want you to have a look at the map and how it works. Maybe you could try to find a friend or family member's house – someone who you are really looking forward to seeing again. You could try to find a local attraction to their house that you could visit in the future.

What symbols have you noticed? What do they represent? There is an activity sheet to copy and complete, or you can draw and label any symbols that you find whilst exploring your area on the map!
