

Thomas Bullock CE Primary Academy

Home Learning – Year 6 – Thursday 30th April 2020

Rain, rain, go away

Today's word of the day is iridescent. Look it up in a dictionary or online, or ask someone in your house what it means. Check that you can spell it – it's a tricky word! Find the word class, definition, synonyms, antonyms and use it in a sentence. Why not post your sentence on the class blog? Can you draw an illustration of this word, find a picture of it in nature, or maybe you could think of a creative activity to make something which is iridescent!

English Chapters 7 and 8 are now on Soundcloud : Chapter 7 <https://soundcloud.com/user-824194287/ink-and-stars-chapter-7/s-Qy8KEvpPQbU> Chapter 8 <https://soundcloud.com/user-824194287/ink-and-stars-chapter-8/s-HtXnUq8GsG> Listen to these chapters with your book in front of you, or read them to yourself. I would like you to go back to the character list you made before Easter and update it with all the new characters that we have come across. (If you didn't do this, then make one today with all the characters from chs 1-8). Please also add to your plot summary too, writing notes of what happens in each chapter.

This week's **spelling activities** are all on one file - Do one page each day. There are answers at the end. If you want to print these out then do, but you don't need to print them: you can copy them into your exercise book. Or come up with your own activities to practice the same words.

Maths Scale Factors 2. Today there is a Power Maths video, following on from yesterday's work about Scale Factors; watch, understand, do! It looks at scale drawings – how we can use a map or plan with a scale. <https://vimeo.com/413153215> Password North America Then, work through Power Maths book pages 165 – 167.

Science Today I would like you to carry on with your experiments from yesterday or do some more writing for your science quiz to show all that you have learned about light. If you haven't written about some of the practical things which you have been exploring, take some time today to write these up in your exercise book – explain what you did, what you found out and what this tells you about light.

PE - Have you had a go at the Norfolk School games challenge yet? It's on the school website, and also here: <http://www.norfolkschoolgames.co.uk/mini-tennis-virtual-challenge/> It's a mini-tennis challenge this week, with 6 levels of difficulty.

All of the schools in Norfolk are invited to take part. You can do it indoors (carefully!) or outside - you don't need any special equipment.

Don't forget to look at the 'Thought for the Day' on the website, and also check in with the Class blog.
