### How are you getting on with the special challenge?

Today's word of the day is conceal.

Define, use, understand! Synonyms, antonyms, real life contexts, words from the same family... you know what to do!

#### English

The answers to last week's reading questions are in a file called 'Chapter 3 & 4 answers'. Please **look at these first** to check your work from last week and make sure you have understood these chapters. Then, there is a new soundcloud file for Chapter 5 – listen to this with your book open to read along, or just read the chapter to yourself if you prefer. <https://soundcloud.com/user-824194287/ink-and-stars-chapter-5/s-B8gUeemc7cp> The argument between Isabella and Lupe (pgs 39 – 42) is a key event in the plot of the whole book. Isabella is frightened because of the curfew, sad and angry about Cata's death and worried for Da. Lupe is in a very different mood – she knows nothing about what has been going on outside the Governor's house, as she is sheltered from 'real life' by her parents and her position as the Governor's daughter. It is this difference in experience which leads to Isabella's anger and their argument. Divide your page into two, and draw the two girls, one on each side. Around them, copy words and phrases from the text that show how they are thinking and feeling in this section of the book.

This week's **spelling** – Again, there is a file of spelling activities for the whole week. Do one page each day. There are answers at the end. If you want to print these out then do, but you don't need to print them: you can copy them into your exercise book. Or come up with your own activities to practice the same words.

#### Maths Ratio and Proportion. **Back to PowerMaths for today's lesson.**

There is a powerpoint video which I have made to explain the learning, and then I would like you to have a go at PowerMaths book B, lesson 3 **and** 4 – pages 159-164. These are starting to get more tricky now, so I have included a file with the answers on it – have a go on your own first, but if you are struggling, then work through the questions with the answers there to help you. <https://vimeo.com/412381218> password North America.
