

Thomas Bullock CE Primary Academy

Home Learning: Year 3 – Tuesday 21st April

Please try to read a little every single day! If you can write something each day too that will help to maintain your super writing!

The Body Coach is doing daily exercises on YouTube at 9am if you want to keep active!

Spellings for week:

island, knowledge, learn, length, library, material, medicine, mention, minute, natural

English: This week we are learning about explanation texts.

I have downloaded a document with the example text from yesterday and then some key features I want you to try to spot! I have also put the original copy and answers in the folder too.

These are the features we will then be trying to use in our final piece of writing next week.

Maths: We are continuing our work on Fractions this week.

Today we are working on Week 2, lesson 2 (Fractions of a set of objects 1) <https://whiterosemaths.com/homelearning/year-3/>

As before, the first page of questions is looking at fluency, so all children can complete this and the next page most children should be able to complete too. Again, we have a challenge to complete as well for those who want to have a go!

Topic:

Today we would usually have PE and Computing.

If you want to have a play on Purple Mash please feel free!

This website also lets you learn Computational Thinking skills without even using a computer! www.barefootcomputing.org/homelearning

I have allocated some to-dos linked to Plants – you do not have to complete them, but they are there if you want to have a go.
