

Exploring Reading!

If you've been inspired by these pages here are some more books which are about explorers.

- Shackleton's Journey by William Grill
- A Galaxy of Her Own: Amazing Stories of Women in Space by Libby Jackson
- The Polar Bear Explorers' Club by Alex Bell
- Tom Crean's Rabbit: A True Story from Scott's Last Voyage by Meredith Hooper
- The Explorer by Katherine Rundell
- Journey by Aaron Becker
- Out and About: A First Book of Poems by Shirley Hughes - I've included this as my last choice because it so perfectly shows how being an 'explorer' is as much about the simple joy found in discovering the everyday outside your doorstep as it is the great feats of exploring the wider world.
