

Thomas Bullock CE Primary Academy

Home Learning: Year 3 Topic Lessons

w/c 18th May

Science:

Continue to monitor and look after your plants.

If you extended your experiment, what has happened since last time? Record your observations.

Geography:

- Using your newly designed garden activity centre, create instructions based on it for people to follow. Use Lego characters or toys to follow your route and see if they reach the right place. You could even make a larger version of your centre so you could use your toys to pretend they are visiting!
- Go onto <https://www.ordnancesurvey.co.uk/mapzone/> for lots of map games and map skills work activities!
- Use the compass directions sheet and follow the directions given! You could try to write your own after.

Art:

Use paint on the computer or purple mash to create a repeating pattern, like William Morris' wallpaper.

Keep adding to it and changing bits, until you are completely happy with the result!

PE

Joe Wicks, Go noodle, Cosmic Yoga
