

Thomas Bullock CE Primary Academy

Home Learning – Year 6 – Thursday 21st May 2020

What have you done today to make you feel proud?

Today's song of the day, celebrating the natural world, is about another very small and unusual creature, the tardigrade.
<https://youtu.be/90SQFNM3P18> Enjoy listening and watching the video, and then you could see if you can look this creature up and find out some information about it. Where do tardigrades live? Is it true you might have some in your garden? How big are they? What do they look like? What other names are they known by?

English

Last couple of days working on activities from the menu linked to the Girl of Ink and Stars. Read to the end if you haven't done so yet, or listen to the last few chapters on Soundcloud (see 'Girl I&S audio final update for an updated list of links for all the chapters up to the end of the book) It would be great if you can do one of the activities from the bottom of the menu which relate to the book as a whole, to help you reflect on the whole story. Choose your activity, take your time and do your best! Then share your work with me and your friends via purple mash.

This week's **spelling** Keep going with the spelling activities that are linked here. What are the spelling patterns? Can you think of any other words that fit the same pattern?

Maths We have finished the ratio and proportion unit. Today you could do a practical activity or an online activity, or both. 1) Measure the furniture in your room or the different features of your garden. Use these measurements to make a scale drawing of the space, making sure that you use the same scale factor for everything on your drawing. You may need to round some of the measurements to make the calculations easier.

2) Have a go at the game here, and look for other ratio games on the same site: https://www.mathplayground.com/ASB_RatioBlaster.html

Science

Yesterday's science activity on keys was for two days, so continue with it today if you didn't finish yesterday. Understand keys, investigate leaves, make your own key and then identify buttercups.

PE There are new PE challenges for this week on the school website for you to have a go at, or you can log into Real:PE at home via the Jasmine website (The website address is: home.jasmineactive.com Parent email: parent@thomasbull-1.com Password: thomasbull) Alternatively, why not create your own PE challenge and set it for your friends or family?

Don't forget to look at the 'Thought for the Day' on the website, and also check in with the Class blog.
