## Year 5 – Home Learning Maths

## Thursday 21st & Friday 22nd May

You have had some Fractions practice to get your mind working on how fractions can be used and how to problem solve with them.

The next 2 days are full of more fractions learning which gives you 'How to' videos and work sheets.

Please use the following link to support your learning.

To access work for **Thursday**: **Lesson 3 - Add mixed numbers Lesson 4 - Subtract mixed numbers** - find a video lesson at this address - https://vimeo.com/418155646 Video lesson

https://whiterosemaths.com/homelearning/year-5/

To access work for Friday: Lesson 4 - Subtract mixed numbers -

https://vimeo.com/418155840

https://whiterosemaths.com/homelearning/year-5/

Worksheets for you to use are in the folder for Thursday and Friday learning.

Please watch the videos before trying to use the work sheets -
