

Topic Grid- Choose 2 or more activities to complete this week, have fun!

Story Time

Watch the stories with your family: Which one is your favourite? Do any of them remind you of other stories you have listened to or read?

Plant Research

Watch David Attenborough's Life series: Plants episode by following the link below.

<https://www.bbc.co.uk/iplayer/episode/b00p90d6/life-9-plants>

Choose one plant that you find interesting from the episode and create a fact file about it or create a set of Top Trumps cards of different plants that you can play with your family.

Make sure you include this information:

Name of the plant

What it looks like

Where it lives

How it survives

Any special adaptations

Adaptations are ways a plant or animal has changed to be able to live and survive in it's environment.

STEM Activity – Build A Plant

Use the resources in the following table or any other resources in your house to build your own plant. You could build different types of plants and compare them for example a flower and a tree. Make sure you label the plant features.

Part of plant	Possible materials
Stem	<ul style="list-style-type: none"> hollow pipe insulating foam card tubing from foil/cling film drinking straws
Roots	<ul style="list-style-type: none"> long 'art' pipe cleaners string wool
Flower	<ul style="list-style-type: none"> coffee filter (can be coloured) cake cases cake doily milk bottle tops paper plates
Leaves	<ul style="list-style-type: none"> card/paper

Healthy Eating

Create your own healthy eating garden plate by using food to make a garden picture snack.

Once you have made your healthy garden picture write down what you have used and explain why your food is healthy.

Plant Origami

Use the following links to create your own Paper plants.
