

Ideas to debate!

Choose one of the ideas and create a table – yes and no (for and against).

Yes	No

How would you argue for this belief, and how would you argue against it? Write down ideas for both sides.

At the end you need to decide whether you agree or disagree (are for or against) as you are going to try to persuade someone tomorrow to agree with your thinking!

Are computer games good for you?

Are school uniforms a good idea?

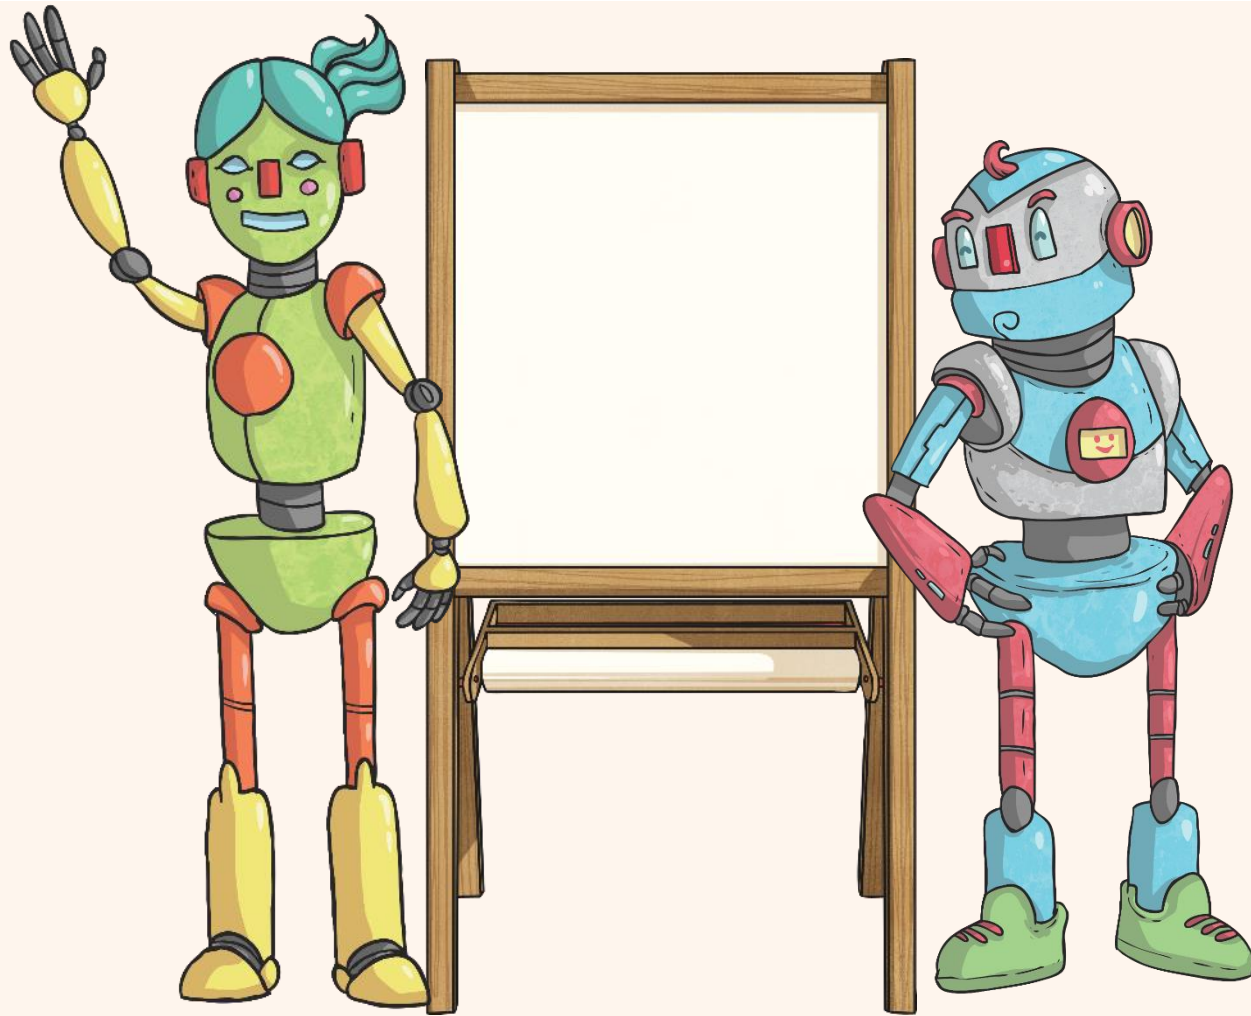

Is it right for countries to spend money on sending people into space when so many people live in poverty on Earth?

**Should school holidays
be made shorter so that
we can spend more time
learning in school?**

**One day, will computers
replace teachers?**

Is it ok to keep animals in zoos?

**Does having more
things make us
happier?**

Are exams and tests helpful?
