

Weekly Maths Overview - w/c 1.6.2020

This week we will continue to focus on decimals. The White Rose Hub work got a positive response so when it fits with our focus we will continue to use it.

Click on the link below to take you to White Rose Maths.

<https://whiterosemaths.com/homelearning/year-4/>

You will then need to click on Summer Term - Week 2 (w/c 27 April) - again I know it isn't but this carries on from the work we started before half term!

I haven't attached all the work this week as everything is on the site - if anyone does need me to do this though please do message me on Dojo and I'll add it on.

As Friday's have now changed we won't be doing the Friday Challenges - which I think will be a relief to many! However if your child finishes quickly or is keen for an extra challenge please do continue to make use of them.

With the introduction of RMEasimaths if your child finds there is now a bit too much maths to get through please don't feel you have to do everything each day - it's fine to alternate between the two or do a little of both.
