## Home Learning: Year 3 Topic Lessons

w/c 22<sup>nd</sup> June

### **Science:**

You have done a lot of work on plants over the past weeks, so I thought it would be nice to do some exploring in Science using minimal resources.

The 'Science for One' activity sheet uses a box this week to carry out different tasks. Although the middle activity is for your age group, you can choose which one you would like to do - I think creating a marble run looks like fun!

### **History:**

This week we are finding out about Henry VIII (8<sup>th</sup>). He was a very interesting monarch as you will find out in the PowerPoint.

Once you have found out about him, create an advert, using the template if you wish, for a new wife for the King.

### **Art:**

This week we can have a go at practising shading. This builds on last week's textures. Look at the PowerPoint and the video within and then add this skill to your observational drawings.

**PE** - Joe Wicks, Go noodle, Cosmic Yoga

Special events: Wednesday is National Writing Day! Go here for more resources - <https://firststory.org.uk/writeday/>
