

## Weekly Maths Overview - w/c 22.6.2020

This week we will be looking again at **money**. Monday and Tuesday look at pounds and pence and ordering money before moving on to estimating and problem solving. We will be using White Rose Hub this week.

Click on the link below to take you to White Rose Maths.

<https://whiterosemaths.com/homelearning/year-4/>

You will then need to click on Summer Term - Week 9 (w/c 22 June) - we are actually using the right week this time!!

As Friday's have now changed we won't be doing the Friday Challenges - which I think will be a relief to many! However if your child finishes quickly or is keen for an extra challenge please do continue to make use of them.

With the introduction of RMEasimaths if your child finds there is now a bit too much maths to get through please don't feel you have to do everything each day - it's fine to alternate between the two or do a little of both.
