

Thomas Bullock CE Primary Academy

Home Learning – Year 6 – Monday 15th June 2020

Watch this first! <https://vimeo.com/428985292>

Today's planet of the day is Mercury.

Research this amazing planet and make a poster/Top Trumps card/factfile/song/slideshow to show off your knowledge of the tiny rock near the sun. What makes Mercury special? How did it get its name? What would it be like to live there? Can we see it from Earth? Answer these questions and more :)

12 of you are still not on Google Classroom – PLEASE JOIN TODAY! Log in via RM Unify and the class code is p3xqtqv

English Monday is grammar day. Today's lesson is all about question tags, which we use in speech and informal writing. There is a video to watch and in it I have set you some tasks to do in your exercise book or online via the assignment in Google Classroom. You can watch the video from the assignment, or I have also put it on vimeo here: <https://vimeo.com/428959753> Password: North America.

Tomorrow we will continue work from 'Wonder' by R J Palacio. Read up to **page 60** today, or listen to it on Soundcloud. The links to all the Soundcloud files are available on **Google classroom**.

Spelling Please continue to work on your spellings via the Oxford Owl class login, with the activities for Read, Write Inc. Go to www.oxfordowl.co.uk and click the pink 'My Class Login' at the top. The username is mrs lindner and the password is North America. This will take you to a page where you then select Read Write Inc Extra Practice Zone. Click this and **navigate to activities for Y6** (or other ages if you need extra practice). Choose whichever activity you like and work on it for about 15 mins. You can also access a whole range of online reading books and other online games (English and maths) from the same site – explore and enjoy!

Maths Please do a half hour session on RMEasimaths today if possible. We are now starting a new maths topic – problem solving. This topic is a way to go over all of the main maths concepts that we have learned through the whole of Year 6 to make sure you remember them all and are secure in how to do everything before you leave Primary School. The lessons for this will be daily videos and the activities are in Power Maths Book C. See the maths file/assignment for today's work.

Art This half term we are continuing work based on the artist William Morris. Look at the art file for details of today's activity, which takes your pattern drawing to the next level.

Don't forget to look at the 'Thought for the Day' on the website. We're phasing out the blog and moving to Google Classroom.
