

Pattern

William Morris

Lesson 4

Man-made & Natural Patterns

Now you are going to practise copying Man-made & Natural Patterns using colouring pencils.

- Draw some boxes with pencil onto a blank sheet of paper – look at the examples to show you how to arrange these on your page.
- Looking at the photo resources, you are to copy 8 x made-man and 8 x natural patterns.
- Use colouring pencil **only**. Remember that you can blend colouring pencils and to fill each box completely.

Example

Examples

**Blend the colours
and show solid
colours.**

**Remember to fill
the boxes
completely.**
