

## Lesson 3: Problem solving – addition and subtraction

→ pages 51–53

1. There are 3,210 visitors in the park.
2. The third number is 3,037.
3. a) 1,100 more children than adults visited the park on Saturday.  
b) The difference is 1,200.
4. They sell 186 cakes in total.

5. a)

	H	T	O	·	Tth	Hth
	5	3		·	1	9
+	7	8		·	8	2
	1	3	2	·	0	1

b)

	Th	H	T	O
	8	0	6	1
-	6	1	5	3
	2	9	1	8

6.  $\triangle = 250$   $\square = 350$   $\diamond = 750$

### Reflect

Answers will vary; for example:

117	
69	48

$117 + 69 = 186$
