#keeeeeeeepdancing

Today's planet of the day is Jupiter.

Research this amazing planet and make a poster/Top Trumps card/factfile/song/slideshow to show off your knowledge of our nearest neighbour. What makes Jupiter special? How did it get its name? How many eyes does it have? Can we see it from Earth? Answer these questions and more :)

### English

On pages 66 and 67 we read about August's birthday party, going bowling with friends and family. Write Jack or Summer's diary from the evening after the party – make sure you include their thoughts and feelings as well as what happened. If possible, include their reflections on how they felt before the party and whether this changed afterwards. How do they feel about their classmates who chose not to come?

**Maths** Please do a half hour session on RMEasimaths today if possible. Today's maths lesson is the third problem-solving lesson, and today we're revising addition and subtraction. FIRST watch the video: <https://vimeo.com/429368157> (password North America), and then work through pages 51-53.

This week's **spelling** - Please continue to hone your spelling skills by using our class log-in to the Extra Practice Zone of Read, Write, Inc: Go to [www.oxfordowl.co.uk](http://www.oxfordowl.co.uk) and click the pink 'My Class Login' at the top. The username is mrs lindner and the password is North America.

### 'Production'

Please continue to film and submit your videos for the production. I would love to have most of them in over the next couple of weeks to give me time to put them all together. Send them in on Google Classroom.

One of the other things which I'd like to include is a couple of songs, and a big dance routine! Today I'd like you to have a listen to one of the songs I've chosen, to learn how it goes and maybe even begin to learn the dance. If you are in school, we'll be having a go at learning the dance together, and if you're at home, please have a go too! The song is from High School Musical – 'We're all in this together'. You can watch it here:

You can begin to learn the dance here (second part of the video):

**PSHE – please see the separate file with today's PSHE thoughts, questions and task.**

Don't forget to look at the 'Thought for the Day' on the website. We're phasing out the blog and moving to Google Classroom.
