

Computing - Week Beginning 13.07.2020

Well done on completing the animation unit! I really enjoyed seeing all of your Cracking Creations!

This week I have set you several touch-typing 2dos on Purple Mash so that you can increase your touch-typing speed. In particular, I have set those involving punctuation as this can be tricky for some.

Over the summer holidays you may wish to develop your coding skills further using the free resource **Hour of Code** – follow the link here:
