Home Learning Pack

EYFS

Week 12

13/07/2020

Take a picture while you work through this booklet and tweet us [@ClassroomSecLtd](#) using the hashtags [#CSKids](#) and [#HomeLearningHero](#) to be in with a chance of winning a month's subscription to [classroomsecrets.co.uk](#).

Maths – Numbers – Doubling

Look at the dice. Double the spots and write the answer in the box.

Maths – Numbers – Halving

Find half of each number below by drawing spots on each side of the domino. You could count out objects to help you with finding half.

<div>2</div>	<div></div>	<div>1</div>	<div>10</div>	<div></div>
<div>6</div>	<div></div>	<div></div>	<div>12</div>	<div></div>
<div>4</div>	<div></div>	<div></div>	<div>8</div>	<div></div>

Maths – Shape, Space and Measures – Time

Read the time on these clocks and draw a line to the correct time.

11 o'clock

1 o'clock

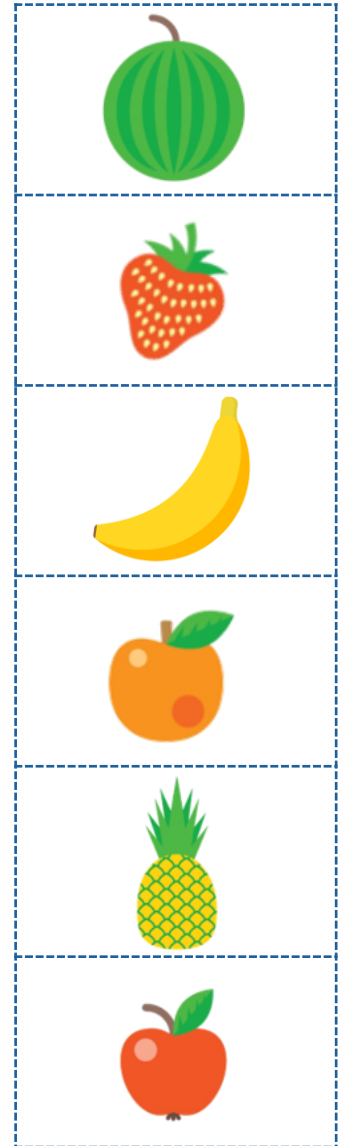

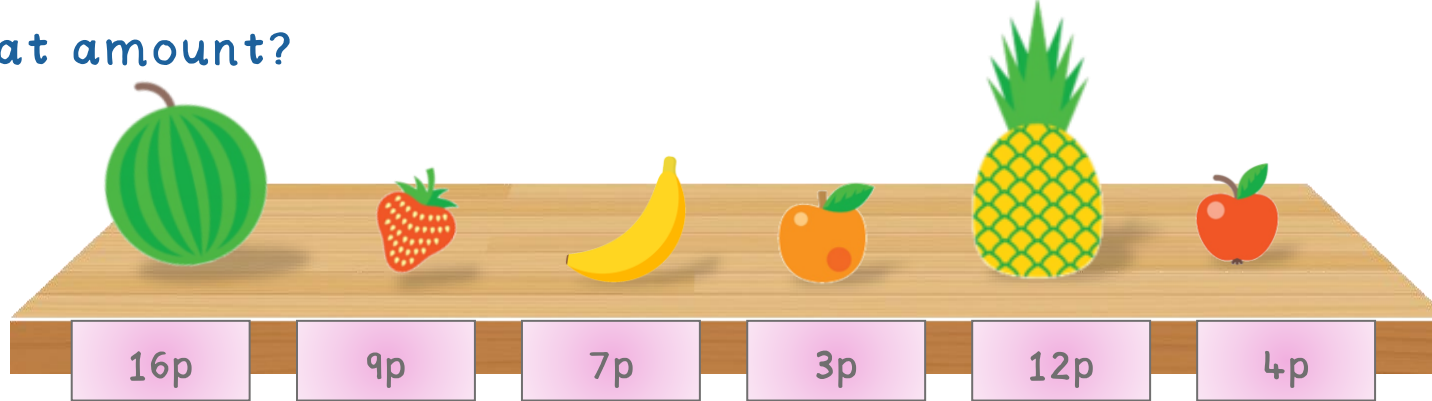

4 o'clock

6 o'clock

8 o'clock

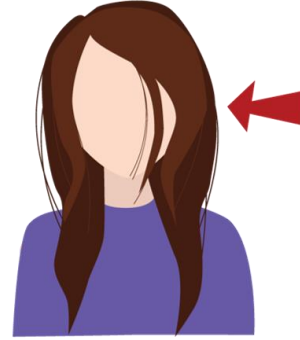

Maths – Shape, Space and Measures – Money

Add the amounts of money together. What can you buy for that amount?

Phonics – Match the Picture to the Phase 3 Sound

Say what you can see and draw a line to the phase 3 sound in the word.

air

ear

ure

air

Phonics – Segmenting a Word

Segment the sounds and then write the word on the line.

Think about where your letters should go!

Phonics – Reading Tricky Words

Read the 'tricky' words in red to an adult. Draw a line to its matching pair.

like

when

little

there

when

like

were

were

there

little

Phonics – Writing Tricky Words

Read the tricky word to an adult.

Cover it up then see if you can write it correctly on the line.

said

one

come

what

out

Literacy – Reading Sentences

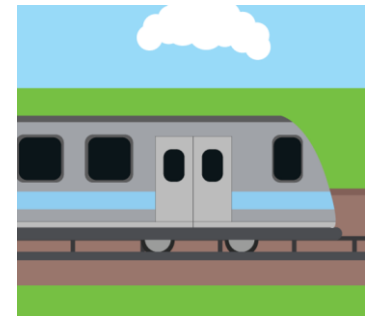

Read these sentences by blending the sounds in the words.

Draw a line to the matching picture.

Zack has a curl in his beard.

The fast train went to Blackpool.

Max had lots of hot chips at the funfair.

Literacy – Writing Captions

Can you think of a caption, or a sentence, to write for this picture?
See if you can make your writing sit on the line!

Say and learn 3 words in French.

Bonjour!

Classroom
secrets
EYFS

Introduce your child to a different language by teaching them key words in French. Can they repeat and learn three different words? You could use our home learning timetable for inspiration!

Make a picture for your new school teacher.

Classroom
secrets
EYFS

Set out drawing and collage materials and invite your child to make a picture for their new teacher. This will be a good way for your child to start thinking about the new school year.

Paint a picture of you doing an activity that you really enjoy.

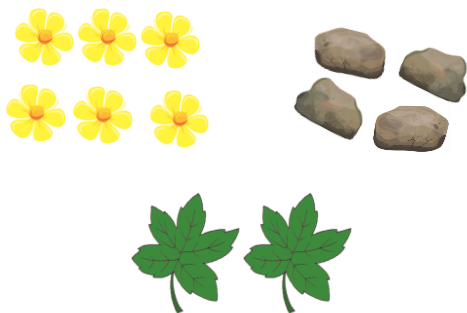

Classroom
secrets
EYFS

Ask your child to paint a picture to help their new teacher find out more about him or her. Set up paints, paper and drawing materials, and talk about your child's favourite activities.

123

Find different
objects outside
and double
them.

Classroom
secrets★
EYFS

Have a look around your garden or local area and collect a range of natural objects. Make some double sets, where a small amount has been doubled, for example, double 3 is 6.

Write 3
sentences about
yourself.

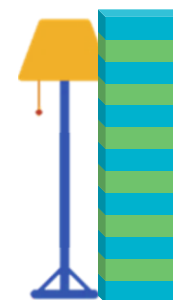

Classroom
secrets★
EYFS

As part of looking forward to the next class, ask your child to think of three things about themselves that they can tell their new teacher. Ask your child to count the words in each sentence and segment the sounds they can hear.

123

What can you
measure?

EYFS Measuring Objects – Guidance for Parents/Carers

Activity Outcomes

- Your child will learn how to measure different objects using blocks.

Setting up

What you will need

- Toys of different sizes such as toy dinosaurs or cars.
- Building blocks to measure with.

Activity Guide

Activity – Toy Measuring

- Give your child building blocks and toys of different sizes.
- They must measure the height or length of each toy by building the blocks to the matching height/length.
- Repeat the activity with the rest of the toys.

Questions you could ask your child during the activity

- What is the tallest toy?
- What is the shortest toy?
- How many blocks were used for the shortest toy?

Further Support and Ideas

- Watch this idea on YouTube here: <https://www.youtube.com/watch?v=kWPt1KekCqE&t>
- Children could measure images in books using the same method.
