

Spring	Summer	Autumn	Winter
March April May	June July August	September October November	December January February

Temperature

We measure the temperature using a thermometer.

In the UK, we measure temperature in degrees Celsius (°C).

UK Average Temperatures in Spring and Summer (°C)							
	Spring			Summer			
Feb	March	April	May	June	July	August	Sept
4	7	9	12	15	17	17	14

It is warmer in spring than it is in winter. Summer is the warmest season.

Daylight Hours

Winter morning

Spring morning

Summer morning

As the seasons change, the days get longer and we have more daylight hours.

Signs of Spring		
Plants, trees and flowers bud and blossom.	Birds sing to attract mates.	Animals start to have babies.

Signs of Summer		
Lots of plants are in flower.	There are lots of insects.	Seasonal fruit and vegetables are harvested.
