# PSHE / RSE at Thomas Bullock C.E. Primary and Nursery Academy

Since September 2020, RSE is compulsory for every year group.

The rationale behind this is that children today live in a very different world with technology and attitudes which are ever-changing. This programme sets out to provide the children with a wider understanding of relationships, their own bodies and how to keep themselves healthy and seek help if they need it. It incorporates aspects of online safety as well. If you would like to read the government guidance, it can be found here:

<https://www.gov.uk/government/publications/relationships-education-relationships-and-sex-education-rse-and-health-education>

By the end of primary school, pupils will have been taught content on:

- ▶ Mental wellbeing
- ▶ Internet safety and harms
- ▶ Physical health and fitness
- ▶ Healthy eating
- ▶ Facts and risks associated with drugs, alcohol and tobacco
- ▶ Health and prevention
- ▶ Basic first aid
- ▶ Changing adolescent body

# Use of language

- ▶ One of the main points which the RSE guidance discusses is the use of language. Even though it may feel uncomfortable for us to use specific words to describe the anatomy of a human, it is crucial that we do, and that we use it correctly. There are several reasons for this:
  - ▶ If a child is describing a pain or injury to you, it is important to know where the pain is. This language makes this easier as it is more specific.
  - ▶ If a child has been subject to (or is being subjected to) abuse, it is highly unlikely that their abuser would use the scientific names for body parts. If we use another term, we may in fact trigger a reaction in the child and cause them unintended distress. It also enables the child to disclose information in a more clinical way so you can understand the extent of the abuse.

# How we are going to teach RSE at Thomas Bullock C.E. Primary and Nursery Academy

- ▶ We will be teaching RSE as part of our overall PSHE curriculum. The statutory RSE requirements and our wider PSHE subject have been interwoven into one curriculum for the whole school and individual groups.
- ▶ Lessons will be taught on a weekly basis during the class PSHE timetabled slot. Lessons may also be delivered through other curriculum areas i.e. science, PE, computing and RE.
- ▶ Due to the sensitive nature of the RSE content, two adults will be present during each session.
- ▶ It is important to bear in mind that we are a Christian school and so Christian values are woven into the curriculum, without suppressing the content of what we have to teach. A working agreement will be made with the children for them to understand what is expected of them in the sessions.

# Parental right to request withdrawal

- ▶ Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory RSE. For further information, visit page 17 on the RSE Government Guidance:
  - ▶ <https://www.gov.uk/government/publications/relationships-education-relationships-and-sex-education-rse-and-health-education>
- ▶ You cannot withdraw your child from Relationships Education because it is important that all children receive this content, covering topics such as friendships and how to stay safe.
- ▶ The Science curriculum in all maintained schools also includes content on human development, including reproduction, which there is no right to withdraw from.

# Safeguarding

- ▶ The school's responsibility to safeguard pupils through a curriculum that prepares them to live safely in the modern world will remain central to curriculum content, teaching methodologies and supporting resources.
- ▶ At the beginning of RSE teaching, the class will discuss and create a 'working agreement'. Confidentiality will be included within this agreement so pupils are clear of the limits of confidentiality that can be guaranteed by a teacher.
- ▶ Distancing techniques such as the use of characters within RSE avoids pupils feeling under pressure to participate or disclose information beyond that which is appropriate or feels comfortable. This strategy makes RSE more accessible to all pupils, including those who may have experienced unhealthy relationships and/or abuse.

# Safeguarding

- ▶ Teachers will signpost pupils to information relevant to the topic being taught to ensure safe sources of information, advice and guidance are provided.
- ▶ Teachers will conduct RSE lessons in a sensitive manner, and in confidence. However, if a child makes a reference to being involved (or being likely to be involved) in sexual activity, then the teacher will take reference seriously, and deal with it as a matter of child protection. Teachers will respond in a similar way if a child indicates that they may have been a victim of abuse. They will immediately inform the designated safeguarding lead about their concerns. The designated safeguarding lead will then deal with the matter in line with the safeguarding policy.
