Nursery and Reception

Gressenhall Museum and Workhouse – Linking to their topic of Traditional Tales, our Early Years children have the opportunity to immerse themselves in the land of fairy tales for the day. They take part in various different workshops to find the 'golden egg' which had been missing all day. Back in school they link this to their English and topic work.

High Lodge – Linking to their key text of 'The Gruffalo' our Early Years children take part in a fun, navigational trail to find the characters from the book. Whilst there they also observe seasonal change, linking to their topic of understanding the world.

Pensthorpe – To back up their learning about dinosaurs, our EYFS children enjoyed a fun filled trip to Pensthorpe! As well as giving the children an opportunity to experience one of our area's most loved attractions, they took part in a dinosaurs and fossils workshop where they learnt about the relation between dinosaurs and birds, due to evolution. They also take part in pond dipping and enjoyed a well-deserved play in Hootz House.
