Reception

Pensthorpe Natural Park – Linking to their topic of Habitats, our Reception class love taking part in a trip to Pensthorpe! They participate in a mini beast hunt and also enjoy having a go at pond dipping. Lots of wildlife to see too!

Sports Trips—as members of the West Norwich and Dereham School Sports Partnership, our Reception class regularly take part in competitions hosted by the partnership in various venues. This improves team working skills as well as being a fun day out!

External Visitors—We are lucky enough to benefit from numerous visitors who come into school to speak to the children about "People Who Help Us" including the Police, Ambulance Service and Armed Forces to name but a few!
